

# The 52 List

It's all about filling our lives with simple stuff that makes us smile....

Life is full of lists. To Do Lists, Will Do Lists, Should Do Lists...The lists go on and on, but they all have one thing in common. They're all lists of things we don't want to do.

So why not make a list of things you want to do?

Nothing major, nothing too complicated, just simple little things that can make a big difference.

The 52 List by Lizzie Jones can help you make the most of the little things in life. Why? Because in years to come, you'll look back and realise that the things you thought were small and insignificant were, in reality, what made your life richer, happier and lots more fun.

**It's not meant to be hard, it's not meant to cost the earth, it's just meant to make you happy....**
